the Lookbook

"What's a Lookbook, anyway!?" Well, it's the kind of book that even an illiterate can read and enjoy. (That's *"even"* an illiterate; not *"only"* an illiterate.) Our extensive research has shown us that students have plenty of books to read — textbooks, schoolbooks, wordbooks. They don't want another encyclopedia or a novel; they want a picture book. Their theme song is "Words, words, words . . . show me." That's what we've done — crowd as many candid shots as plausible into the space we have. Words, as you will notice, are scarce. Of course, a Yearbook has to be more than just a scrapbook of candids; but that is another *story,* as you will see in the second section.

September

As usual September brings school and this year it brought more than the usual number of changes. The primary change was that we got a new principal: Mr. Louis La Scala. Was he new!? He is the first layman to become principal of a Catholic school in the state of Arizona. Father Lester became president of St. Mary's while Mr. Hermann stepped into Mr. Koenigs' shoes as dean of boys. We got some new teachers; we got a new band director: Mr. Plumb; and we got a new counselor: Sr. Eileen. We were surprised to find that 200 freshmen enrolled this year.

As the month of September wore on students adjusted to the life style at school. The freshmen were given quite a different type of initiation. After the usual goofy dress days based on the Great Gatsby look, they had a dance marathon contest, and a luncheon with the seniors at the end of the week.

This year the girls' dress code was given more slack as they were allowed to wear pant suits. At the first assembly the spirit was tremendous, especially after the varsity football team led the school in our school song and a cheer, that's some kind of first! During this month all the football teams looked very promising, and so did the up-coming year.

October

October, the first "full schedule month" in the school year, opened with a full scale of activities. Homecoming week and hurried preparations for the theme of "The Great Gatsby", finally climaxed in the crowning of the new Homecoming Queen - Kathy Mendivil. The events of the following weeks, including the National Honor Society Book Fair, quarter exams, and report cards, were not enough, however, to overshadow the triumphs of all three football teams and their combined even record for the month of 14-1. The Varsity pounded the month's opposition 181-14, shutout four of their five opponents, and picked up 5 wins in route to a glittering 8-0 record and third-place ranking in the polls. Coach Queens J.V.'s also picked up 5 wins during the month and the mighty Frosh of Coach Glenn Price added to their record a total of 4 wins with a single loss. On the other sports front, the Volleyball Team, under the guidance of Coach Julie Fahrendorf, began their very first season of open competition with 8 matchups throughout the month.

November

November, at Saint Mary's welcomed (?) the return of a familiar visitor to our campus. In search of anxious student salesmen and a large supply of generous customers, the Chocolate Drive got underway early in the month. Thanks to the giant efforts of Freshmen Rick Work ($482), Frank Soqui ($213) and Michelle Pieri ($179) and a large supporting cast of 100% homerooms, we earned over $9000 in a little over 4 weeks time. However midway through, the color of the month suddenly changed from chocolate brown to a bright shining gold, as in, gold pants, and with the ending of good seasons for the Frosh and J.V.'s came the chance of a Divisional Crown for the undefeated Varsity; their first in 5 years. The Knights took care of that with a 20-16 win over Agua Fria and then, despite the predictions of Valley sportswriters, came back a week later to defeat Marcos de Niza. Backed by a balanced offense and a strong defense the stunning 28-14 upset win vaulted us into the State Championship Game.

December

Friday, Dec. 6th, Sun Devil Stadium: 21,000 people had come to see the 1974 Class AAA Football season finally come to a close.

In a see-saw battle that saw the lead change hands several times, the stadium watched the Knights battle back from behind only to be questionably denied two crucial touchdowns as their bid for a title fell just short to Camelback, 22-20.

Slowly, the tears of defeat dried and the smiles returned to the faces of the student body as they prepared for the holiday season. As usual, the Christmas liturgy and assembly took place on the last school day of the month and featured the talents of the entire Senior Class singing, "We Wish You A Merry Christmas".

The next day capped off the '74 half of the school year with the Christmas Dance and the crowning of the Christmas King and Queen: Ray Arvizu and Dottie Sidabras.

January

A new year, and a new start for many S. M. students as the second and final semester of the school year got under way. For the basketballers, January brought to a halt a month long series of setbacks and gave them a chance to get on the right side of the win-lose column — and they wasted no time doing so. After clipping Agua Fria's Owls 58 - 53 on the 3rd, they ambushed fourth-ranked Sunnyslope in a powerful show of teamwork and last-second clutch shooting to boost them into second place in the Skyline with a 3-1 league count. January also provided the student body with its first look at a newly organized wrestling team in a home match with Phoenix Indian School, held in the gym. And in one of the more interesting assemblies of the year, held on the 30th, a look at the world of trampoline gymnastics as demonstrated by Al Carter and family.

February

Sitting in class and thinking of what you're going to write in the Newspaper's Giant Valentine about your best friend or worst enemy; worrying about who you might ask to the Sweetheart Dance, or if you're even going at all; going to the basketball games on a Tuesday night or watching the courtyard volleyball games at lunch time. This is what February was like. For the Sophomores it also meant an extra headache as they waited for the NEDT tests on the 11th. The Varsity season came abruptly to an end as the AIA lowered the boom. Due to a J.V. preseason scrimmage, our team, along with 10 other valley schools, was eliminated from the playoffs. Meanwhile with March coming closer, the thoughts of 3rd quarter exams and grades began to become an even bigger reality. Meanwhile, in the background, a new sport was making it's move from the courtyard to the Diamond. Baseball was just around the corner.

March

What a way to start a month! March opened with four days of nightmares (otherwise known as "exams") in store for the Student Body it's first week, followed with third quarter grades on the 10th, and then began the final nine weeks of the school year with a bang in the form of Rodeo Week. With their first game against Glendale the Varsity Baseball team swung into action as did the J.V. and Freshmen teams, and continued play with games against Skyline foes Apollo and Agua Fria the next week. On the flip side of the sports scene, the golf team teed off on an 11 match tour of the final months with three tournaments in Skyline competition. A reorganized track team, guided by Coach Glenn Queen, burst out of the starting blocks with three league hurdles of their own as a start on their 13 meet slate.

April

What is an April without plenty of sunshine, plenty of clear, windy days, and naturally, plenty of Baseball? This April was no exception, and so far as Baseball's concerned, things got rolling early. Coach Jim Sanford's Varsity Knights, fresh off three meetings late in March, continued their pursuit of a Sky line crown with 13 games throughout the month. Two lesser known sports-golf and track-also saw heavy action as they neared the halfway mark of their seasons with divisional hopes of their own. With Easter vacation extended to almost two weeks, April seemed a shorter time for many students, except for possibly those upper classmen with their thoughts focused on the Prom, held later in the month.

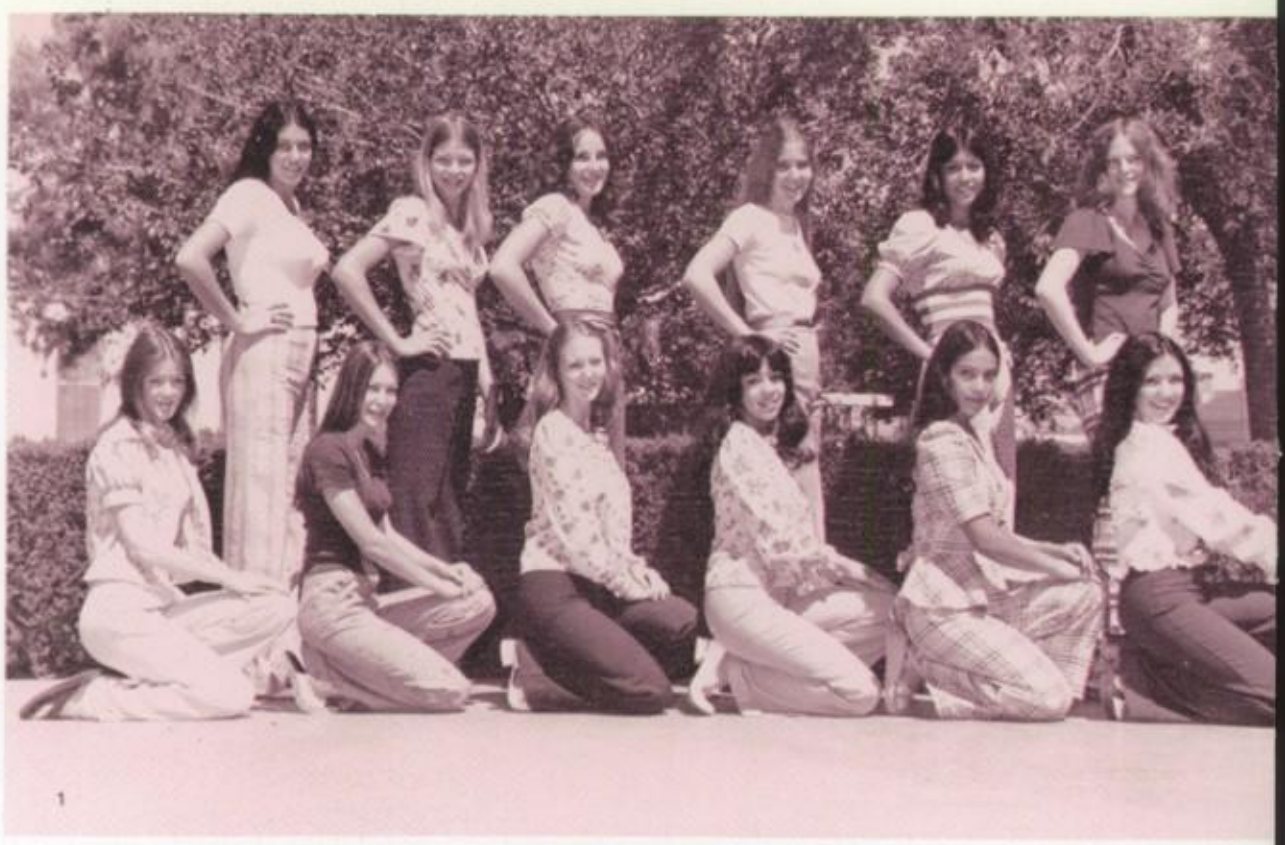
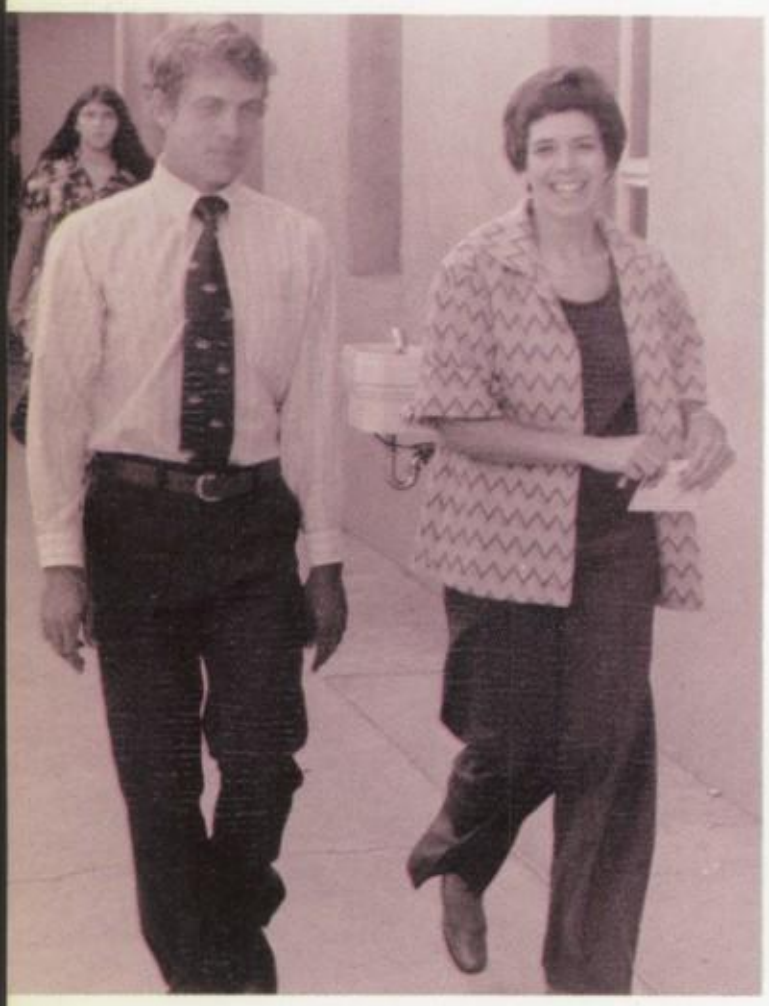
May

"The time has come, for closing books, and long last looks must end, and as I leave, I know that I am leaving my best friend. . . "
(To Sir with Love)

May: The final chapter of a school year full of memories. Perhaps to one special group of S. M. people, these pages seem to turn a little faster, and mean a little more. A class of 126 students found themselves saying goodbye to four years of hard work and good times. The month saw Seniors practicing for graduation ceremonies, studying for those last few exams, preparing for parties. It saw the Juniors, Sophomores, and Freshmen anxious for summer vacation and the rise to the next level on the S. M. ladder. Graduation night, May 23, came sooner than expected, and as teachers graded that last group of papers and prepared their final grades, they probably thought of those short, funny Freshmen they once laughed at only three years ago; so much of a difference, in so short of a time.





1. Same package, different wrapping. ('74-'75 Pom Line) **2.** "Race you to class." (Mr. Hermann and Mrs. Ferguson) **3.** My mother told me these things explode if you use them for over a half hour at a time. **4.** Add two, carry one; and then use the brand new eraser. the Storybook

Every school year has its own story. That's *"story"* as in hi*story*. The hi*story* of Saint Mary's in 1975 was made by the people who walked its halls, sat in its desks, wrote on its blackboards, managed its works, and so on. This storybook is a picture record of who those people were and the organizations to which they belonged.

Freshmen

What was that locker number again? If there's one thing that all Freshmen have in common, it's usually confusion. Those first few hectic weeks of registration, initiation and assemblies make up a whole world of experiences that's hard to get used to. No, it's not easy starting at the bottom, but before long they find their own special place in Saint Mary's, and before they know it, they find themselves Seniors.

Sophomores

The second step of any journey is always a little easier than the first and so it was with the Sophomores. They were over with the many trials of Freshmen year yet still faced a few new ones to conquer. Like years before, the Sophomores helped raise needed funds for the Sweetheart dance by holding car washes and, in a new twist, by the sale of red carnations. Of course, the year wasn't all fun and games, as they soon found out with the N.E.D.T. tests early in February. But for the most part these second year members of the S.M. community rounded the halfway point of their high school years both eager and hoping for whatever lay ahead.

Juniors

New leaders with new ideas—it's a phrase that greatly describes the Junior class. Throughout the year these new upper-classmen constantly join in or help with any activities going on at the school, or start a few of their own. Although most of their efforts this year were channeled toward their usual spring happenings — The Prom—juniors also play an important part of Student Council, Key Club, Girls League, and many other clubs and organizations on campus—not to mention their contributions in the Sports program. Its easy to see why they will be able to take the responsibilities handed to them as Seniors. After all, they've had so much practice already!

Seniors

A green and white beanie and mismatched socks . . . . Biology notes piled in your locker . . . . that shiny class ring the first day you had it . . . . . little things that once were part of you . . . . . .

It's funny that you never think of how much you needed something until it's gone, Seniors, and maybe that's the hardest part of leaving. And now it's over. The door that opened to you only 4 short years ago has closed behind you for the last time. The boring book you thought you'd never finish has turned its final page. And yet, with this ending comes a new beginning, a start on all those happy hopes and dreams that always seemed so far away . . . . and now are a little closer.

The Season

If this year's football season reminded you of a season not long ago, you're on the right track. And if those undersized players of that team; those seemingly outmanned heroes who week after week destroyed challenging teams and ran up an undefeated season; also seemed familiar to you, well you're red hot.

It was the type of season that has become a normal thing for Saint Mary's High School, and as it drew to an end and the playoffs drew nearer, the sportswriters and public around the valley began to compare it to those other teams of '67, '68, and '69. And, of course, the talk of what a little school that faces "AAA" schools three and four times its size can do, was there again. It had the same things going for it and many went as far as to call it the greatest team in Saint Mary's history.

It began proving itself early. With six games gone in the season, Saint Mary's had outscored opponents 178-8, racked up 5 shutouts, and still had not been scored upon defensively. Then came Paradise Valley, a predicted close game and an even matchup. At halftime the Knights led 42-0. Before the game was over the defense was finally penetrated for two scores, but by the regular season's end, after the Knights had soundly battered their last three Skyline foes: Moon Valley, Thunderbird, and Brophy, they stood high and unmarked, with a 10-0 record and the number 1 defense in Arizona.

Then came the playoffs, and with the close 20-16 win over an Agua Fria team that they had beaten 21-0 during regular play; came the doubts of the chances the Knights would have against #1 ranked Marcos De Niza in the Semi-final game. Undermanned and outweighed as usual, they thoroughly controlled the Padres for a 28-14 victory and a place in the championship game. Their bid for the "AAA" title fell just short however, as the Knights, victims of several highly controversial calls, lost to Camelback's Spartans 22-20.

The Season

With six members of last year's 18-7 group returning, this year's Varsity Basketball team looked to continue in their footsteps. However, the season started out slow, as Coach Gray's Knights dropped five straight games and ended January with a 1-6 record; in last place in the Skyline, League B. It wasn't too long though, before the Knights got things together, and they proved it by winning 6 of their next 8 games, including a fantastic upset win over third-ranked Sunnyslope. This qualified them for the playoffs. But the sweet taste of victory soon soured as Saint Mary's, accused of illegal pre-season activities was excluded from all playoff competition. We had lots of company—thirteen other schools were also excluded from competition. We ended the season with a 12-11 record, and along the way established a new point-per-game record—a seventy point per game average.

The Season

With close to half of his returning Skyline Championship team lost to graduation, Varsity Baseball Coach Jim Sanford might have had some pre-season questions on just how good this season's team would be.

But he didn't have to wait long for the answers. After a slim 1-0 win vs. Glendale in the season opener, Sanford's Knights stung number-1 ranked Apollo 4-3 behind the 6-hit pitching of David Knobbe and plate performances of Al Whitaker, Bobby Martinez and Marcelino Felix, to vault them into the top ten, and insure the reappearance of a team to be reckoned with.

Caught with their gloves down against Agua Fria and Prescott, the Knights, paced by the cool attack of Senior southpaw David Knobbe and team E.R.A. leader Oscar Ruiz, quickly regrouped to capture 10 of their next 11 games, including a string of 8 in a row, to snag the top spot in League B action. Continued great mid-season playing of the senior nucleus of centerfielder David Nunez, second baseman Chris Skelly, catcher Jeff Tipton, and hurlers Joe Kerwin and Terry Albright brought S.M. a well-earned divisional playoff spot just 6 games later, as they ended regular season play with a 17-5 record.

The Knights dumped Skyline "A" League winner Peoria in the first contest and came back to whip Cortez 9-4 to put them 2-up in the double elimination tournament. However, a rash of errors did them in. The Knights lost the two rematches with the Panthers. They travelled to Tucson for the State Finals. Costly infield errors were the story here too. The Knights lost to Scottsdale 2-1.

Throughout the season, Sanford praised the performances of the talented players who had brought them so close to the championship. Letterman Donny Miranda, a junior standout at shortstop, continued play in the field. Soph third baseman Marcelino Felix returned to be a major force in the green machine batting department, and 3-year starter Al Whitaker once again proved his value as he performed consistently at the first base slot. Although the S.M. season ended May 17, two Knights continued to play big parts on the baseball scene. Backed by a clutch last inning triple by Jeff Tipton and a badly needed run by David Nuanez, the AAA North All Stars defeated the South All Stars in the annual season-ending contest on May 26th.
